### **About Togo’s Eateries, LLC**

Togo's was founded in 1971 by a young college student with a large appetite and little money looking to make sandwiches the way he liked them — big, fresh and meaty. Keeping in the spirit of the original, Togo's products are still made with only the highest quality ingredients; including fresh Artisan breads, hand sliced premium pastrami, turkey and roast beef, as well as Hass avocados hand-mashed in restaurant every day.

With nearly 300 locations open and under development throughout the West, Togo's is a franchise-based business that offers a terrific opportunity for those new entrepreneurs that would like to own their own business.
